

## Two Drum Containment Tank

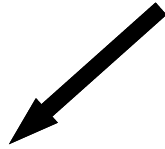

- ◇ Fits two standard 55 gallon barrels or drums
- ◇ Designed for indoor/outdoor stationary applications
- ◇ Tank features double wall construction for dual containment  
— *if inner wall is compromised the outer wall will prevent loss of chemical*
- ◇ Tanks nest together for transport and storage
- ◇ Forkliftable
- ◇ Standard color available is black
- ◇ Designed for the containment of chemicals with a specific gravity of 1.7 or lower
- ◇ Meets EPA 40 CFR 264.175 guidelines for secondary containment
- ◇ Manufactured from rotationally molded polyethylene with U.V. stabilizers
